PAINTING

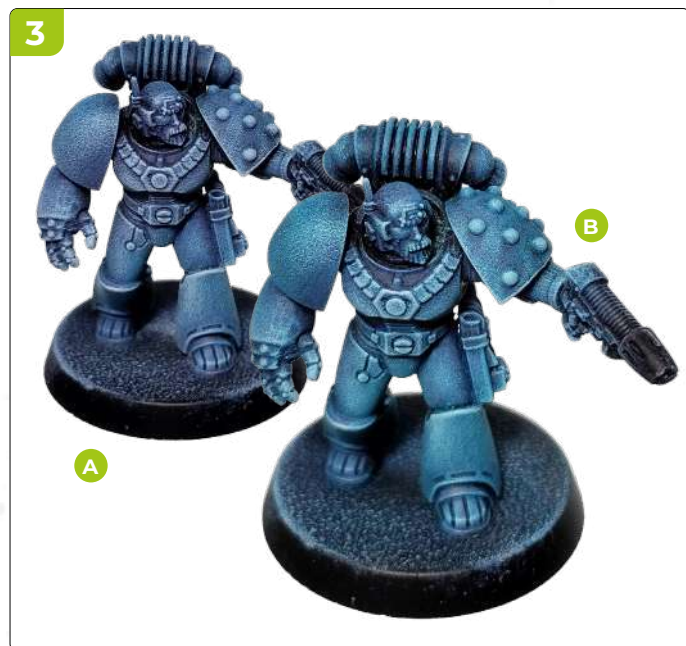

MARINE THE HORUS HERESY

1. Start with a 1790 - Liche Purple drybrush coat over Matt Black Priming.

2. Apply now 2 consecutive layers of drybrush adding 3224 - Ultramar Blue (A) and 1795 - Tropical Turquoise (B).

3. Final highlights adding 3207 - Fang White to the drybrush (A) and shadows and tones with 3502 - Turquoise Ghost DIP INK (B).

4. Using 3207 - Fang White, add light points and outline edges and details all over the armour.

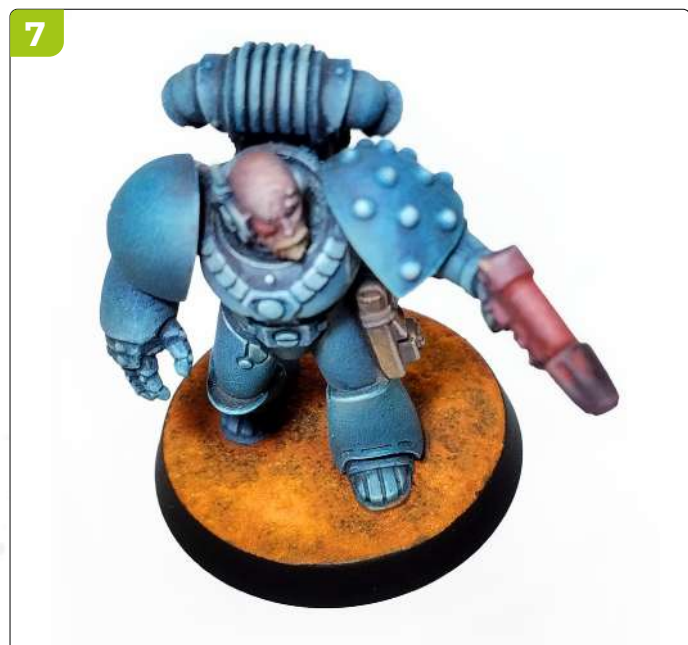

5. Paint all the different elements: Face, Pouch, Pistol and Cables.

6. This is the final look with all the extra elements painted.

7. Decorate the base with the 2779 - Dark Oxide Rust Textures and 2777 - Light Oxide Rust Textures.

8. Final picture of the complete Marine.

Hope you like it! ;)

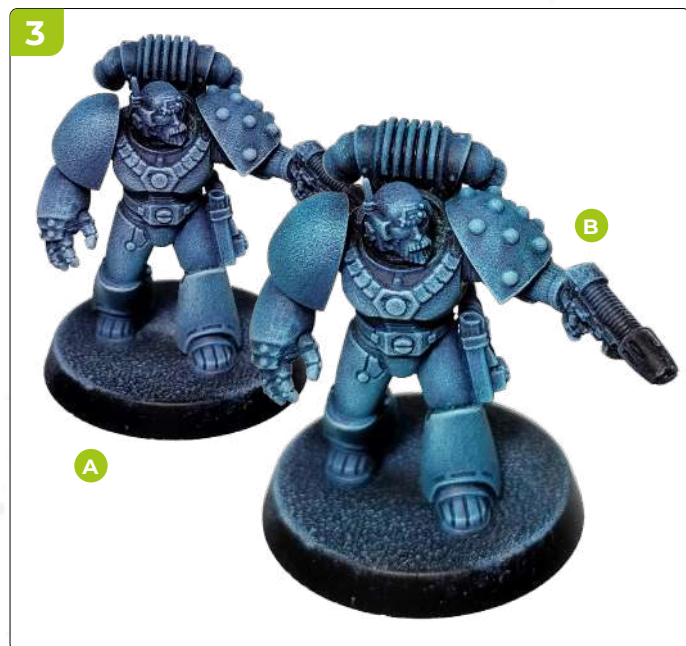

MARINE LA HEREJÍA DE HORUS

1. Empezamos con una capa de pincel seco de 1790 - Liche Purple sobre negro.

2. Iluminamos con dos capas de pincel seco, añadiendo 3224 - Ultramar Blue (A) y 1795 - Tropical Turquoise (B) a la mezcla.

3. Luces finales añadiendo 3207 - Fang White al pincel seco (A) y tonos y sombras con 3502 - Turquoise Ghost DIP INK (B).

4. Perfilamos bordes y detalles y añadimos puntos de luz en la armadura usando 3207 - Fang White.

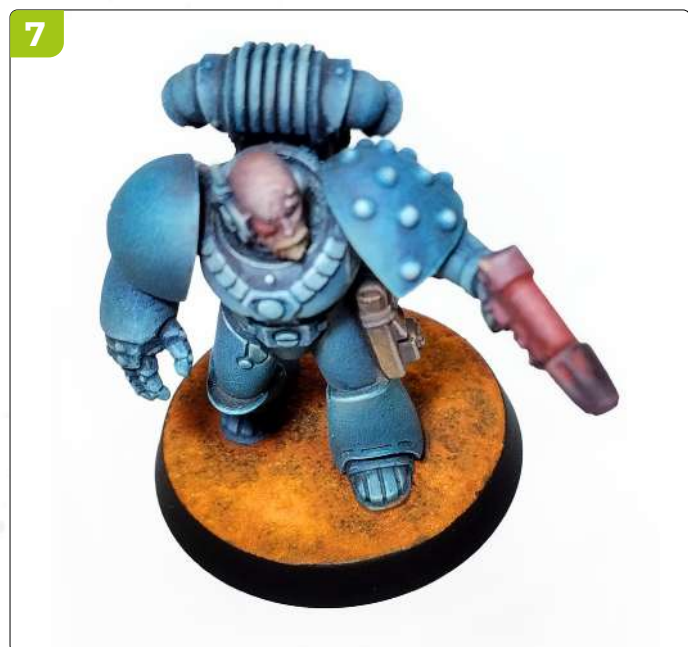

5. Pintamos los diferentes elementos: Cara, Cartuchera, Pistola y Cables.

6. Este es el aspecto final de la mini con todos los elementos pintados.

7. Decoramos la base usando 2779 - Dark Oxide Rust Textures y 2777 - Light Oxide Rust Textures.

8. Foto final del Marine completo.

Hope you like it! ;)
